

U1300FXN

UNDER-RUN AGV

AUTOMATIC CHARGING

5G TECHNOLOGY

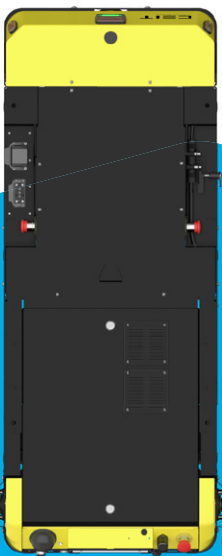

COMPATIBLE

CE CERTIFIED

A basic under-run AGV offering the option of creating applications for flexible assembly lines with long-term usability even in the event of a change of the manufactured product or layout of the production line for continuous operation.

A one-way AGV with 180° safety, it has the option of an electricity supply for peripherals and a high degree of variability thanks to the integration of various modules, as well as the automatic connection and disconnection of carts.

SPECIFICATION

Type	Under-run, fixed platform
Navigation	Contour/magnetic tape
Direction of drive	Forward/optional reversing module
Minimal turning radius	1.3
Max speed (m/s)	1
Load capacity (kg)	1,300
Dimensions (L, W, H in mm)	1552x642x462
Batteries	Traction gel
Charging	Automatic - contact
Control	Manual control - touchscreen, Universal remote control (URC)
Safety scanners	SICK 180°, optional 2D scanner and 3D camera

Asseco CEIT offers a comprehensive **automatic logistics system, including AGV equipment, peripherals and our own Twiserion Fleet Manager with VDA 5050 standard** for guiding and monitoring logistics equipment in real time.
